Parent Carer Survey– Have your say on education, health and social care

This is an opportunity for parents/carers to tell Derbyshire Parent Carer Voice (DPCV) what's important to them via their latest parent carer survey.

DPCV had a great response from parents/carers to their recent survey about the SEND Green Paper and now want to know more about specific areas of concern around education, health and social care and what support might help.

This is to ensure DPCV targets work in the right places with your voice as parent carer of a child or young person of Special Education Needs and/ or Disabilities (SEND) at the heart of this work.

Follow the link to tell DPCV your views:

The closing date is: Friday 17th February 2022. Your views are important - many thanks in advance for completing the survey.
